

So, what are YOU seeing in the above images?

Were you struck more by the dominant images of Jesus Christ, of a dove or the feet of an innocent child? Did you see the message of the triumph of good over evil? *Or rather, did you choose* to focus and react to the lesser images reflective of our pornified culture? If the later is the case, then you can see how pervasively our worldview and our view of the human person has been wounded and formed by a non-sacramental, non-incarnational, Manichean, puritanical ethos. It is precisely into this woundedness that the Tabor Life Institute seeks to bring the healing “Light of Tabor.”

When the Apostles Peter, James and John witnessed before their very eyes the radiant transfiguration of Jesus Christ on Mount Tabor they beheld for the first time not only the Divinity of Christ but the original meaning and destiny of what it truly means to be gloriously human. It is this authentic vision of the human person, this “Light of Tabor” that the Tabor Life Institute seeks to form in the eyes, mind, heart and soul of people today especially those who have been confused and wounded by the non-sacramental, pornified worldview of our times.

At the Tabor Life Institute we help people to see all of life cast in the Sacramental “Light of Tabor.” The Sacramental-Liturgical worldview is the only honest view of life. It is this very ethos of seeing that can bring someone from the wounds of lust, envy, hurt, jealousy, depression, despair and addiction to a true purity of heart and the peace thereof.
